

# SMARTID:

A "single" secure identity across the organization for building access, computer login, IT assets and cloud security.

## SMARTID + NOVELL SECURELOGIN = A TRUE SINGLE CREDENTIAL

With Novell SecureLogin, you have a single login to your computer. When you add a SmartID from idOnDemand, you also get a single login to your VPN and building.

idOnDemand provides a web based service and interface to configure, issue and manage SmartID cards. With this powerful, multi-purpose identification card, users can combine:

- > building access card
- > visual identity
- > VPN tokens
- > IT authentication
- > cashless payments
- > external internet access
- > file/disk encryption
- > email signing and encryption

## 100 FREE SMARTID CARDS WITH PURCHASE OF NOVELL SECURELOGIN

### idOnDemand's LIMITED TIME OFFER

When you purchase Novell SecureLogin SSO, you qualify to receive up to 100 SmartIDs from idOnDemand for FREE.

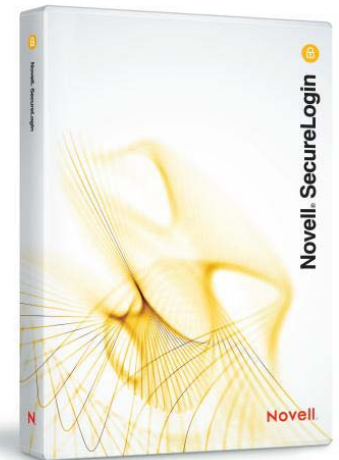

- > 500 NSL seats = 50 free SmartIDs; 1,000 NSL seats = 100 free SmartIDs.
- > First year of idOnDemand service **FREE** with no requirement to continue.
- > Subsequent years - only pay annual service fee for users that remain active.

#### SERVICE INCLUDES:

- > Globally Trusted Managed Certificate Authority
- > FIPS 201 compatible smart card
- > Building Access Card (HID, Indala, Honeywell compatible and MIFARE, PIV, ISO14443)
- > Support for Cisco and other major VPN routers
- > Enrollment portal with graphical personalization
- > 20 minute hands on orientation
